A congratulatory message from the York Region Chairman and CEO

On behalf of York Regional Council and The Regional Municipality of York, it gives me great pleasure to congratulate the Toronto Regional Real Estate Board (TRREB) on their milestone 100 year anniversary.

With 1.2 million residents York Region is one of the fastest-growing municipalities in Canada. We are home to Ontario's second largest business centre with more than 54,000 businesses and 650,000 jobs.

It is my honour to recognize TRREB's efforts over the years in creating complete communities where residents can find a place to call home and businesses can thrive.

TRREB's meaningful contributions in providing trusted and reliable real estate information and advocacy for a healthy real estate market have paved the way for industry leadership across Canada.

Housing is a priority for York Regional Council and connects residents to our economy, transportation systems, health and social services and the environment. As a leading economic centre in the Greater Toronto and Hamilton Area, Regional Council recognizes encouraging more affordable rental housing options and new office development is vital to maintaining a prosperous Region.

York Region believes strongly in building safe, caring and healthy communities and welcomes TRREB's collective vision as it brings together all levels of government with Member REALTORS® and the public at large.

Please accept my best wishes on this momentous occasion for TRREB as they embark in their next chapter of growth and success.

Yours truly,

Wayne Emmerson
York Region Chairman and CEO
